

# STRATH HAVEN HIGH SCHOOL

## CROSS-COUNTRY AND TRACK AND FIELD TEAM GUIDELINES

### MISSION STATEMENT

As a team, we firmly believe that when you commit to do the little things well, the big things take care of themselves. Just as a team is only as strong as its individual members, the success of those members is dependent on sustained commitment to shared goals. At Strath Haven, we seek to empower you to be the very best student-athlete you can be, confident that team success will necessarily follow.

### GUIDING PRINCIPLES - TEAM

- We place sportsmanship, respect, honor and personal ownership as the cornerstones of the program.

- We aim to:

Place among the top 3 teams at the Delco and Central League championships (both in cross-country and in track and field)

Achieve a top 6 finish at the cross-country District meet so that we are perennial *team* participants in the State Championship meet.

Maximize opportunities for post season competition in both Indoor and Outdoor Track and Field

- We will build a winning tradition through accountability, communication, leadership, support, diligent training, and competitive effort, thus providing the best team atmosphere possible.

- We strive to empower teammates, managers, captains, and coaches to fulfill their duties with confidence.

- We understand that with a focus on the team approach, we expect everyone to perform to the best of their ability in order to support and drive the team forward.

## **GUIDING PRINCIPLES - INDIVIDUAL**

- Because the goal is to win meets *as a team*, we aim to maximize the student-athlete's ability in the event(s) in which they have the most potential to achieve a ranking on the PA state performance list.
- Student-athletes' first obligation is to the team, always understanding that the whole is greater than the sum of the parts.
- Our focus is on being *competitive*, always cognizant that *place finish*, not individual performance (PR), determines whether the team achieves its collective goals.
- We will seek every possible competitive opportunity for any individual who has the ability to be compete at an appropriate level.
- We require that you train in a *consistent* fashion and compete at the highest level while understanding that your overall health is always a higher priority.

## **EXPECTATIONS FOR COACHES AND STUDENT-ATHLETES**

- Student-athletes are students first and athletes second. Ideally, the two pursuits are complementary, but if not, academics must always come first.
- Student health (mental and physical) is of paramount importance to us, both as coaches and mentors. A healthy diet and sufficient sleep are crucial to sustained good health and performance.
- **Treating teammates with care and compassion is vital to foster positive team chemistry.**

- Treat practice and meets as a class. Listen. Focus. Take notes, if necessary. Prepare yourself mentally as you would for any other class.
- The team comes first in all matters of policy or behavior. While we should all feel empowered to speak openly, share opinions, and air disagreements, it is essential that we come together with respect, to achieve our common goals.
- Be punctual. Tardiness is disrespectful. Your time is not more important than the time of your teammates and coaches.
- Coaches and student-athletes alike should take a moment after practices and meets to reflect on what went well and what might be improved. Acquire a growth mindset.
- Exemplary behavior by coaches and student-athletes is essential, including appropriate dress, language and respect for teammates, competitors, coaches, officials and spectators.

### **RULES FOR MAINTAINING: TEAM MEMBERSHIP & MEET ELIGIBILITY**

- You must attend practice *every day*. You will not improve when you are absent, and we cannot maximize our potential without your total commitment.
- To the extent possible, arrange “routine” healthcare (doctor and dentist checkups), driver’s license exams, haircuts and other non-school-related commitments around the team practice and meet schedule. Our seasons are short. We cannot afford to waste the moments we have.
- Please notify coaches of unavoidable conflicts well in advance of practice. *Unless arrangements have been made with a coach prior to practice, the absence will be counted as unexcused.*
- You may only be excused from practice if:

(a) you are absent from school, in which case bring your absent note from school to a coach.

(b) you have a doctor's note following an appointment involving illness or injury that would prevent you from attending practice *and have called or emailed a Coach **before practice the day you are absent.***

(c) you have a personal or family emergency and you have notified a Coach before practice or as soon as possible after the event.

**(d) you have an appointment with the trainer, counselor or teacher, and bring a signed note from the trainer, counselor or teacher to your coach upon returning to practice.**

(e) you are attending a scheduled school-related function, in which case, you must contact a Coach before missing the practice.

- An unexcused absence will make you ineligible for the next meet. Three unexcused absences will result in removal from the team.

\* Since practice begins promptly at 3:15, *roll will start a few minutes prior to that.* If you are not marked as present, you are considered absent. Don't be tardy!

- Don't goof off at practices—it just wastes your time and ours. Listen to the coaches and do what they say, when they say it. Our goals for the season are achieved incrementally, practice-by-practice. If we underperform at a single practice, we lessen the chance of achieving those goals.

- Profanity is forbidden. It reflects badly on you, your team, and the school. You will be suspended from the team if you refuse to comply with this simple rule.

- Harassment and hazing will not be tolerated. A team is a family, and we do not hurt our family. Ever. Suspension or expulsion will result.

- Alcohol, tobacco, or drug use is strictly prohibited. These substances are bad for your health and your performance and run counter to everything we stand for, as coaches and teammates. Violations will result in suspension and/or expulsion from the team.

- You must be at school on the day of a meet in order to participate.
- You are responsible for any equipment issued to you. If you lose or damage something, you must pay for it. Return it at the end of the season.
- Come to practice prepared, with appropriate shoes and clothing, cold weather gear (if needed), and water.
- To avoid injuries, please refrain from non-cross country and track & field-related athletic pursuits during the season. Any exercise that extends beyond what has been assigned (including, for instance, running in gym class) must be brought to a coach's attention, so that training volume and intensity may be adjusted.

## **MEET TRANSPORTATION AND CONDUCT**

- We ride the bus together to and from meets unless a student's parent signs a travel waiver and drives him (to and/or from the meet). The travel waiver must be presented via email to a Coach prior to bus departure from SHHS.
- Rude, rowdy and disrespectful behavior during bus rides WILL NOT be tolerated. Such behavior can lead to team suspension or expulsion.
- We set and write goals, both team and individual, and commit to achieving them, always prioritizing team first.
- There's only one name on the singlet—HAVEN—because team always comes before self. We acknowledge that representing Haven is both a privilege and a responsibility.
- On race days, we remain relaxed yet focused, calm yet prepared.
- We pay close attention to coaches' pre-race instructions and strive always to bring them to fruition.
- We execute our race according to agreed-upon individual and team strategy, always in control and unafraid to excel.

- At the conclusion of the race, we cheer on our teammates, recognizing the indispensable role each boy plays.
- We will be humble in victory, and gracious in defeat—always.
- After the race, we regroup to cool down as a team, thereby ending the day as it began—together.
- **During Cross Country season and track relay events**, we project team unity **by warming up at the same time**, stretching, and lining up at meets in a single, tight-knit group.

## **EARNING A LETTER**

### To Earn a Varsity Letter

Cross Country requires an athlete:

- (a) earn a qualifying time on the home course, or
- (b) earn an equivalent effort time at an away course, or
- (c) be in the top ten Strath Haven runners in half the meets.

Track and Field requires that an athlete compete in 3 meets and achieve

- (a) top 5 team ranking in an individual event by the end of the season, or
- (b) participate on an “A” seed relay team in 3 or more events, or
- (c) a qualifying time or distance in any event for a championship meet

Note- Varsity or JV letters are not awarded to those who are removed from the team or do not participate in a meet.
